For Immediate Release

28 Canadian Authors featured in New Release

(Edmonton, Alberta – July 28, 2015) InScribe Christian Writers' Fellowship (ICWF) is pleased to announce the release of *7 Essential Habits of Christian Writers*. This anthology deals with seven key areas for Christian writers: Time with God, Healthy Living, Time Management, Honing Writing Skills, Crafting a Masterpiece, Submitting, and Marketing. The contributing writers, who come from all walks of life and write in various genres for a range of audiences, are all members of ICWF. Through fiction, poetry, and non-fiction such as devotionals, essays, and articles, they generously share their own discoveries, success stories, and hard-won lessons to encourage and support other Christian writers.

Phil Callaway, best-selling author and host of Laugh Again Radio says, "I love seven things about this book: It is practical. It is affordable. It is encouraging. It is worth highlighting, underlining and dog-earring. Plus it made me forget about my toothache." He continues his endorsement, "Whether you're a newbie or a veteran writer, you'll discover 7 Essential Habits of Christian Writers to be jammed with instantly actionable advice that will make you a better writer. Dig in."

Author Janet Sketchley, who hails from Nova Scotia, says, "Most books on writing focus on the essentials of craft and/or marketing. We need that information, but we need so much more. I'm pleased to be included in an anthology that considers the Christian writer's physical, emotional and spiritual health as well as the importance of excellent word-wrangling."

The e-book is available on Kindle and the paperback version will be released in September during the ICWF Fall Conference in Edmonton, Alberta. ICWF exists to stimulate, encourage and support Christians who write anywhere across Canada, to advance effective Christian writing, and to promote the influence of all Christians who write. ICWF members can be found in every province in Canada and range from beginning to experienced writers. Eighty-five percent of members are published.
